Suomi 100 - Independence Celebration

Finnish American Chamber of Commerce, Midwest and Finnish American Society, Midwest will host a special Finnish Independence Day Gala on Friday, December 1, 2017 to celebrate Finland's 100-year anniversary. This will provide an opportunity to look back on a century of Finnish achievements, honor the sacrifices made for the independence, and look ahead with anticipation of what's to come. This evening will be a long-awaited opportunity for the numerous Finnish people in the Midwest to come together and create an even stronger Finnish network. Black tie optional.
